The place has not been in use for many years except that the boy scouts have a cabin there in which they hold their meetings. Origin of the fire was undetermined. (Graphic Newspapers photo)

An Editorial They Will Best Serve Public

After an impartial examination of the men and the issues involved, the Graphic Newspapers today announce their endorsement of three candidates who seek Republican nomination to state offices in next Tuesday's primary.

They are industrialist Charles H. Percy, candidate for the GOP gubernatorial nomination; State Rep. Warren Wood of Plainfield, for lieutenant governor, and James P. Hennessy of Joliet, for state auditor.

In supporting Percy, Wood and Hennessy, we are motivated by the conviction that the public interest is best served when both parties select as their nominees the men most highly qualified for public office.

Charles H. Percy is an articulate spokesman for a type of dynamic conservatism which is emerging as the image of a revitalized Republican Party in Illinois. It is a philosophy tailored to the needs and challenges of government in a changing world. Percy is dedicated to the free enterprise system in which his own achievements affirm the opportunities it offers to all Americans. As board chairman of Bell and Howell Co., he has proved his administrative ability in the competitive world of business. His concern for all citizens has been continuously reflected in the major role he has played in educational, civic and charitable affairs.

In Chuck Percy, Republican voters are offered a candidate of immense stature. For the reasons enumerated above, we heartily endorse his gubernatorial bid.

In endorsing Warren Wood and Jim Hennessy, we do so with a pardonable pride in their candidacies as "home town boys" as well as for their exceptional qualifications.

Both men are so well known in Will County that their careers and their accomplishments need not be recited here. Wood's long service in the Illinois General Assembly, marked by four terms as Speaker of the House, eminently qualify him as a nominee for lieutenant governor. It is good government, as well as good politics, to select the man who has the experience to do the job.

From their qualifications, it is evident that Percy and Wood would make an exceptional "team." Percy is the dynamic builder, Wood the experienced legislator. Together they could accomplish much for Illinois.

Jim Hennessy served his fellow citizens well as mayor of Joliet for two terms. His background in banking and insurance, coupled with his governmental "know-how", has provided him with a solid understanding of public affairs. He comes from a family imbued in the highest traditions of public service. We commend his candidacy to all Republican voters.

On the Democratic side, we make no endorsements for these offices for the obvious reasons that there are no primary contests.

Women Golfers To Have Luncheon At Willow Run

The Women's Golf League at Willow Run Country club, Marley, which was organized last year is preparing for the current season and will discuss plans at a 12 o'clock luncheon to be held at the club April 22.

Tom Geary, who has been teaching golf for many years, will again give free lessons to all who are interested, with a special effort being made to help beginners.

He plans a six-week course, along the lines followed last year. The lessons are scheduled at 11 o'clock every Tuesday, before the women start out on their regular weekly

round of league play.

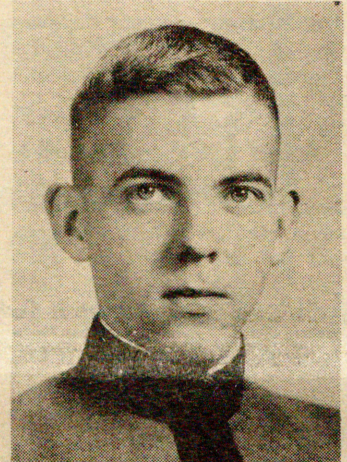

At the coming luncheon, Mrs. Phillip Lenz, of Mokena, director of the Women's Western Golf Association and member of the Beverly Hills Country club women's group for many years, will discuss a program to follow for a successful women's golf group. Mrs. Lenz recently attended the women's tourney at Pensacola.

She will explain the national handicap chart, the great leveler, that makes competition possible for everyone, even the beginners.

Women who would like to sign up for the lessons or attend

PATRICIA ANN JUDNICH, 2429 Erskine Road, Joliet, has been employed to teach fourth grade in New Lenox. Miss Judnich will be graduated from the College of St. Francis in June.

CITADEL CADET William A. Reiss, son of Mr. Carl A. Reiss, 161 Michael Lane, New Lenox, has earned membership in the elite Summerall Guards of 1964-65. He and 60 other cadets achieved the ultimate in military accomplishment this week during Corps Day exercises at The Citadel, Charleston, S.C., when they assumed their places in this unit which is the military college's precision drill team. The 61 winners of coveted positions as Summerall Guards were selected from some 200 juniors who sought the honor, and the strenuous and demanding competition lasted several weeks.

Band Boosters Of L-W Plan Talent Show

Plans for an amateur talent show is being spearheaded by the Band Boosters of Lincoln-Way high school. The event is scheduled to be held Sunday, May 24 at 2:30 p.m. in the school auditorium.

A \$50 savings bond will be awarded to the first place winner; a \$25 savings bond for second place and two \$10 cash prizes for third and fourth place winners.

The show is open to all ages ranging from tots, grade and high school students as well as adults.

Auditions for the show has been set for Mondays April 26 and 27 from 7 to 9 p.m. in the school. No professional persons or acts will be eligible.

Those desiring further information may contact Cecil Boldwin, Booster president, New Lenox 485-8589 or Mrs. Joseph Urban, New Lenox 485-8889.

TEEN DANCE
The Mokena Teen club is to have a dance Saturday night, April 11, in the VFW hall on Wolf rd. The hours will be from 8 to 11:30 o'clock, with music provided by the Clef Tones. A donation of 50 cents per person will be collected at the door.

The luncheon may call Mrs. Geary at 485-2321.

School Districts To Elect Boards Saturday

School elections this Saturday are expected to draw thousands of voters to the polls in the area. Polls will open at 12 noon and close at 7 p.m. Voters must be registered.

Besides the election of board members there will be a referendum in the Ann Rutledge district, No. 56-C, Lincoln Estates on a proposed increase in the educational tax rate from 90 cents to \$1.11 per \$100 of equalized assessed valuation.

The board is asking approval of the proposed 21-cent increase to enable it to hire an additional teacher. The district has the room but has lacked the money to hire a teacher so it could be put to use, it was explained.

There are to be three places filled on the Ann Rutledge board this year and there are five candidates. Three of the candidates are incumbents, Mrs. Jessie Nicholson, Lee Gerick, Mrs. Fern Griggs. The other two are Robert White and Bud Scheeler, Lincoln Es-

tates put an addition on its building last year but has been unable to make full use of it, it was explained, because of lack of revenue. The school house, 80th ave, will serve as the polling place. Ann Rutledge school is also the polling place for the third precinct in the Lincoln Way high school board election.

The other polling places for Lincoln-Way are:

No. 1, Frankfort grade school; No. 2, Carpenter Street school, Mokena; No. 4, Haven School, New Lenox; No. 5, Manhattan grade school; No. 6, Arbury Hills school.

Two are to be elected to the Lincoln-Way high school board and there are four candidates, none of whom now are members. Three of them live in New Lenox, Dr. Lowell Webb, veterinarian; James Brooks, and Carl Schonweis, The fourth candidate is Hyman Kronick, of Arbury Hills.

In the Mokena school election

Norval Robinson, and Durward Fant and James Stewart are seeking re-election. The other candidate is Robert Schutte, 117 Glennell, a foreman in the machine shop of the Caterpillar Co. at Joliet. He has two children, Robinson, who lives in Brightwood, a safety engineer for the British Commercial Union Insurance Co., Chicago, is completing his second term on the board. He has one daughter, Stewart, of 11410 W. 194th st., also completing his second term on the board, is traffic manager of American Mineral Spirits Co. He has three children, Fant, who had been finishing out a term thru appointment is now seeking a full three year term. All three terms are for three years. Mr. Fant resides at 18914 S. 113th street. He is distribution manager for International Packers Ltd. He has six children. The polling place is Carpenter Street school.

In Frankfort one two year term is to be filled and there

is but one candidate, Melvin Eisenbrandt, East Bowenstreet father of three.

Three candidates are in the race for the two three-year terms, William R. Smith, Rt. 1, manager of the Swift Research Farm at Frankfort; Donald Lorenz, of 318 Franklin st., and William Breidert, 132 Linden drive, a general contractor. He has a daughter. The polling place in the Frankfort grade school.

In the Summit Hill district, better known now as the Arbury Hills school, two will be elected to three-year terms and one will be chosen to serve out a year of an unexpired term. Walter Plumly, who was on the board, was transferred so had to resign with a year of his term to run. George Peterson, president of the board, who is just completing his first term as a member, has filed for the one year term and is unopposed. There are five candidates for the full terms: Joseph Kar-

kos, 9449 W. Hickory, has three children and active in the Frankfort Methodist church. He has three children and is employed by Eversweet Food Products; John F. Smith, 9520 W. Rosewood Lane, has four boys. He is president of the Parent Teachers Group and is employed as an installer for the Illinois Bell Telephone Co.; Joseph Farnham, 9516 W. Rosewood Lane, has three children. He is employed at the Argonne Laboratory; Boyd Strouse, 18346 Lenore Lane, is employed as a mechanic and is the father of two sons; Tom Tanis, 9419 W. Elm is assistant golf pro. at Olympia Fields and is institutional representative for the Boy Scouts. Arbury Hills school is the polling place.

The candidates running for the grade school board at New Lenox are listed elsewhere in this edition. New Lenox had intended to have a building bond referendum but postponed it until later. Voting at New Lenox is at the Haven school.

GOP Primary Contests Put Zing In Tuesday's Election

Illinois voters will go to the polls next Tuesday to pick the candidates that will represent the Republican and Democrat parties in the November election.

The presidential choices, of course, will not be made until summer when the major parties hold their conventions. In the meantime the primary campaigns now drawing to a close have generated considerable excitement and interest. At least that has been the case for the Republican side of the picture.

There are no contests on the Democratic ticket for state offices or for congress in the 14th district that is made up of Will and DuPage counties.

On the Republican side there are many contests with the race for the gubernatorial nomination holding the spotlight. There are five in the contest but the race is between two, Charles H. Percy and William J. Scott. There are eight in the race for lieutenant governor with Warren Wood, of Plainfield, veteran legislator and former speaker of the house, as one of the favorites.

Another Will county man, James P. Hennessy, former mayor of Joliet, and rated as a contender, is one of eight seeking the nomination for state auditor of public accounts.

Six are bidding for the GOP nomination for secretary of state with two of them from this area, Terrel E. Clarke, of Western Springs, a state representative from the second district which also includes Bremen, Palos, Orland and Le-mont townships, and Elmer J. Hoffman, of DuPage county now serving as congressman from the 14th district.

There are five Republicans running for the nomination for attorney general. William G. Clark, Democrat incumbent is unopposed, as are the other Democrats on the state ticket, Michael J. Howlett for state auditor; Paul Powell, veteran legislator, for secretary of state; Samuel H. Sharp, of Kankakee, who is seeking re-election as lieutenant governor, and of course there is Gov. Kerner who also is making a bid for a second term.

In the 14th district there are six candidates for the Republican nomination for congressman. Five of these are from DuPage county. The other is William G. Barr, of Joliet, son of the late State Senator Richard J. Barr, who is making his first campaign for public office. With the candidates from DuPage county cutting up the vote there, political observers accord Barr an excellent chance.

There are no candidates for state representative, as such, on the ballot this month. The state representatives will be

nominated by party conventions later.

There are three contests on the Will county Republican ticket. Louis R. Bertani, a law partner of A. H. Krusemark, of Frankfort, in Joliet, and George M. O'Brien, a member of the law firm of Gray, Thomas, Wallace and O'Brien, Joliet, are in a head and head contest for the nomination for state's attorney. Paul F. Brumund, another Joliet attorney, has withdrawn from the race because of illness in his family, but his name will remain on the ballot.

Four are in the race for the nomination for circuit clerk on the Republican ticket, James D. Hall, former head of the Young Republicans, Joseph Kochevar, Maryann Marshall and Louis F. Bottino, for legislator and a school administrator.

On the Democrat side John J. Houlihan, deputy county treasurer who was narrowly defeated for circuit clerk several years ago, is locking horns with

Sammy Berk, an assistant supervisor from Joliet. Berk has the endorsement of the Regular Democratic Organization of Will county.

Harold A. Smith, of Frankfort, and assessor of Frankfort township, is a candidate for the Republican nomination for county auditor and is opposed by John Z. Argoudelis, of Joliet, who has been active in Republican politics for several years.

The polls will open at 6 a.m. and close at 6 p.m.

Polling places in Frankfort township are:

No. 1, Frankfort village hall; No. 2, Cooper-Hostert Motor Sales, 11020 Front st., Mokena; No. 3, Hoster's garage, 195th and Wolf rd., Mokena; No. 4, VFW Hall, Wolf rd., Mokena; No. 5, Ann Rutledge school, 80th ave., Lincoln Estates.

Poll locations in New Lenox township:

No. 1, Fire station, Church st. and U.S. 30; No. 2, basement Grace Episcopal church, Hickory and Pine; No. 3, Oakview school North Cedar rd.; No. 4, George Marshall store, N. Cedar rd.

There is but one polling place in Green Garden, the town hall.

Homers polling places: No. 1, Homer town hall, Cedar rd., south of 159th st.; No. 2, N.W. Homer Fire station, 143rd and Oak; No. 3, Polo barbershop, 135th and Archer.

Ask Increase In Water, Sewer Rates In Arbury

A petition asking for an increase in water and sewer rates has been filed with the Illinois commerce commission by the Arbury Utilities Co., operators of the water and sewer system in Arbury Hills.

No date has yet been set for the hearing, according to a representative of the law firm of Chapman and Cutler.

The basic water rate is 85 cents per 1,000 gallons. The raise requested would increase it up to \$1.30, it was stated, and the utility company is asking for a raise in the treatment of sewerage from \$2 to \$4.75 per month.

Burglary Of Gas Station Yields \$34

There was a burglary at the L. & M. Shell service station, 192nd and Wolf rd., on Wednesday night or Thursday morning of last week, with a loss of \$34 in cash.

Entry was gained by breaking out a glass. The money was taken from the cash register but no merchandise was reported missing, according to Mokena Police Chief Roy Newton.

Newton said that he checked the station at 11:30 Wednesday night and at that time the place had not been disturbed. The break in was discovered when the station was opened at 5:30 a.m. Thursday. The station is operated by Martin Murray.

MR. AND MRS. WILLIAM DEIST, 116 Center rd., Frankfort, will celebrate their 50th wedding anniversary at an "open house" Sunday, April 19, in St. Peter's United Church of Christ. Hours will be from 2 to 5 o'clock.

All relatives and friends are invited.

Helping them celebrate the memorable occasion will be their three daughters and sons-in-laws, Mr. and Mrs. Walter Schoen, Mr. and Mrs. Glenn Warning and Mr. and Mrs. Marion Pomykala, and their six grandchildren.

William Deist and Mabel Hinspeter were married at Frankfort, April 22, 1914, but since the 22nd is in the middle of the week they chose to celebrate the anniversary on Sunday. (Porter photo)

Missionaries From Africa To Speak In Mokena

The Rev. and Mrs. Robert Schneider and their twin sons and daughter will be at the Parkview Baptist church, Sunday, April 12. The Rev. Mr. Schneider will bring the messages and the family will take part in the various skits to be given in the Sunday school, Young People's meeting both morning and evening services.

The Schneiders whose American home is Elgin, Ill., have spent nearly 20 years as missionaries in Morocco, N. Africa and have done an outstanding work among the Moslems in correspondence lessons on the bible. They also have a large camp for boys and girls at Khemisset, in North Africa. The public is invited.

SETTING A RECORD for Lincoln-Way performance at mathematics contests, (l.-r.) Bert Murphy, Dave Howell and Alice Elack captured third, first and second place awards respectively. The contest was the Annual High School Mathematics of America and the Society of Actuaries. By almost any standard this is a difficult exam and was given all over the U. S. Bert is a sophomore at L-W from Cherry Hill; David is a senior from Mokena; and Alice is a senior from Manhattan. (Wayne Sutton photo)

Texas Eastern Plans To Enter Liquid Gas Field

In a proposal for utilizing liquefied natural gas (LNG), Texas Eastern Transmission Corporation has offered a new peaking service and additional natural gas storage service to its customer companies.

"This new proposal, if put to maximum use, could involve investment in the vicinity of \$100 million by Texas Eastern and its customers," said Baxter D. Goodrich, executive vice president of Texas Eastern, in announcing his company's plans today.

The program, as outlined by Mr. Goodrich, would work like this: A cryogenics plant, capable of liquefying up to 15 billion cubic feet of gas annually, would be constructed and operated by Texas Eastern on the east coast. Using this plant, the company would take surplus gas from customers during periods of relatively low demand, convert it to LNG, and deliver it by barge to customer companies who would store it in tanks specially designed for the low-temperature liquid. Then the customers could vaporize the

LNG and use it for "peaking" on the very few extremely cold days when regular gas supply is not sufficient. The storage tanks would be located near or on water routes and at an advantageous point on the customer's distribution system.

The liquefaction plant also would become a working part of Texas Eastern's underground gas storage system. Again using customers' gas, Texas Eastern would supplement conventional underground storage with storage of LNG in its own tanks at the liquefaction plant. During periods of peak demand, LNG could be vaporized and fed into Texas Eastern's pipelines as needed for meeting regular contract obligations. Thus, customers would have added storage service available as well as an economical peaking service.

Texas Eastern offered these new services to customers after several years of research in development of the LNG storage tank and other facilities. Natural gas (methane) becomes a liquid at minus 260 degrees Fahrenheit.

Mokena Meth. Church Scene Of Hull-McDaniel Nuptials

At a 7 o'clock candlelight double ring ceremony the evening of April 4 in the Methodist church, Mokena, Miss Geriann Hull became the bride of Lt. Douglas McDaniel.

Robert J. Watson officiated at the wedding service uniting the daughter of Mr. and Mrs. Thomas R. Hull, 187th st., Mokena and the son of Mr. and Mrs. Arnold L. McDaniel, 1601 Coronado Drive, Champaign, Ill. Organist was Mrs. Vernon Lankenau.

Escorted by her father to an altar enhanced by two altar vases of white mums and gladioli and potted palms, the bride wore an ivory peau de soie full length gown with chapel length train, controlled-shape skirt, above elbow sleeves, scoop neckline; cummerbund fashioned of appliqued Alencon lace and ribbon, which reappears as three borders in skirt. She wore a satin rose headpiece, veil of French silk illusion, shoulder length. Her jewelry consisted of a single strand of pearls, gift of the groom. She carried a colonial bouquet of

white roses, carnations and lilies of the valley.

Miss Barbara Hamm attended as maid of honor. She wore a gold satin ankle-length gown with above-elbow sleeves, a high scoop neckline, slightly gathered skirt. Headpiece was matching satin roses with short pouf tulle veil. Wrist length white gloves and a pearl necklace completed the outfit. Flowers were green cymbidium orchid centered in white carnations. Dressed identically with Miss Hamm were the bridesmaids, Miss Sharon Cappel and Miss Janet McDaniel.

Thomas R. Lundeen attended Lt. McDaniel as best man, groomsmen were Michael McDaniel and Thomas Hull, Jr., usher was John Duffy. A sabre arch was formed by ten cadets of Arnold Air Society, University of Illinois, at the church. A reception followed at Wil-low Run Country Club, Marley. Approximately 150 guests were present. Mrs. Hull, mother of the bride, greeted guests wearing an aqua street length dress,

matching accessories and a pink sweetheart rose corsage. The bridegroom's mother was attired in a gold street length dress, matching accessories and a pink sweetheart rose corsage.

Assisting at the reception were Misses Alice Gardner, Karen Kassube, Carol Piper and Doris Smith. Special honored guests were Mrs. Arthur A. Bell, Sr., of Chicago, bride's maternal grandmother; Mrs. Della Grubbaugh, of Flora, Ill., groom's maternal grandmother.

For a wedding trip thru the west, the new Mrs. McDaniel changed to a white wool suit, red straw hat, black shoes, kid gloves and a corsage from the groom.

A shower was given by Miss Barbara Hamm on Feb. 28 for 20 guests.

The bride attended Lincoln-Way high school, B.A. at the University of Illinois, member of Angel Flight; employed as advertising copywriter for Wieboldt's, Chicago.

The groom attended Champaign high school, B.A. University of Illinois, member of Delta Chi social fraternity, Arnold Air Society, now serving as navigator for the USAF. They will reside at Castle AFB, California.

TINLEY PARK 532-4369

The 1964 Model Farm Record book has space for all records of farm income and expenses, including those needed for accurate social security and income tax returns. The book was prepared by members of the Department of Agricultural Economics, University of Illinois. The 1964 record book includes new five-year depreciation schedules as recently suggested by the Internal Revenue Service. It provides for capitalizing breeding and dairy stock from inventory accounts to depreciation schedules. This procedure alone can make important tax savings for many farmers who keep records on the inventory or accrual basis. The book also contains instructions for comparing the farm returns per \$100 worth of feed to cattle, hogs and sheep, as well as long-time averages. It includes a list of questions by which a farmer can check his production methods against those recommended by the College of Agriculture. The book also provides a simple procedure for making a limited analysis of the farm business by comparisons with current standards furnished by the college.

You may obtain the 1964 Farm Record Book from my office in Tinley Park for only 25 cents.

Financing a farm business is a much more complicated and complex problem than it was 20 years ago. Mechanization and the goal of higher farm income are behind the development of this problem. Capital investment on farms has quadrupled since the early 1940's, while the use of credit has tripled in the past 10 years. Farmers have looked to credit as a partial answer to their financing problems and, in view of narrowing profit margins, as a means of increasing income.

The Farm and Family Business Management school recently conducted by the University of Illinois Cooperative Extension Service explored and analyzed with the enrollees the three types of credit used in financing a farm business:

Short-term or production credit, available for as long as a year, is used to meet current operating needs. Intermediate credit, lasting from one to seven years, is used for machinery or semi-permanent investments. There may be an overlap between short- and intermediate-term credit. Long-term credit is used for the purchase of land or major building construction.

Borrowers may analyze their credit needs in terms of the three R's of credit--RETURNS, REPAYMENT capacity, and RISK. The first R, RETURNS, represents the amount of credit that can profitably be used in the business, while the other two R's restrict or limit the amount of the loan to a sound basis.

In considering returns, one should ask: Will the loan produce sufficient returns to cover the added costs? Will it pay to borrow the money? Complete and partial budgets projecting the income and expenses of the farm plan may provide the answer. A complete budget should indicate whether it will be profitable to use credit and how much and when credit will be needed. A partial budget may compare the predicted changes in costs and returns that may result from a possible investment. Farm records provide much of the information needed for budgeting.

The second R is REPAYMENT CAPACITY. Will the borrower be able to repay the loan? Profit and loss records of a farm and changes in net worth will serve as evidence of past repayment capacity. These records, plus a current operating budget, will be helpful in forecasting future re-

payment capacity. The borrower should also consider whether a loan will be self-liquidating or non-self-liquidating. A self-liquidating loan is one made for an investment (such as for fertilizer or seed) that promises to produce enough gross income to repay the entire loan plus interest. Non-self-liquidating loans are usually made

for a longer period and must be paid from net income. Too much of one type of loan may limit the repayment capacity for the other. Diverting income to pay off a long-term loan may limit the ability to repay a short-term loan.

The third R is RISK. The borrower must determine whether he has the financial strength to assume the risk and uncertainty involved in using additional credit. Borrowers in a strong equity position can assume more risk than those in a weak equity position. Risk problems usually

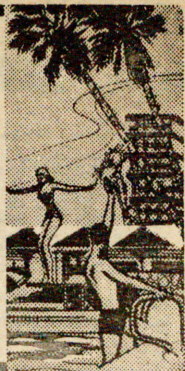

arise because of uncertainty in production, prices, technology, personal relationships, and health. Desirable risk-bearing traits are (1) ability to earn and save money (2) a stable and reliable income (3) ability to borrow in both good and bad times (4) ability to reduce operating and living expenses in adverse income periods (5) high owner equity--the backbone of risk-bearing ability.

One of the main factors both lender and borrower should evaluate carefully is managerial ability, especially in the case of low-equity borrowers.

A school census of District 33-C is being taken by Mesdames Erma Drake, Ethel Kostelny, Val Pekarek, Theresa Townsend and Mary Brauer.

Mrs. John Hasibar entertained at a Neighborhood Coffee Hour Wednesday evening, in honor of George M. O'Brien who is seeking the nomination for state's attorney of Will County on the Republican ticket.

At the Thursday meeting of King's Daughters held at Homer Church, Mrs. Iola Storm, vice president, presided. Delicious refreshments were served by Mrs. Edna Mergler and Mrs. Don Aspel. Plans were discussed for a Mother-Daughter celebration in May. Two new members were added to the Circle, Mrs. Susanne Bethell and Mrs. Kathleen Conrad, both of Joliet. Mrs. Bethell celebrated her birthday that day.

AN APRIL SHOWER
A miscellaneous post-nuptial shower was held at the Harold Mohny Sr. home on Bruce Rd. Thursday evening in honor of Mrs. John Hallis, a bride of last week. Hostesses were Mrs. Louis Grenwald, Mrs. Harold Mohny, Jr. and Mrs. William Mohny.

The recreation room of the Mohny home was gaily adorned with green and white streamers, pink umbrellas and a pink watering can over the gift table, where the bride opened her many lovely packages. She was assisted by Miss Kathleen Bergseth who was her bridesmaid. Bonnie and Dianne Mohny were kept very busy showing the gifts to the approximately 35 guests mostly ladies of the neighborhood. A bountiful buffet luncheon followed and everyone enjoyed the fine hospitality of the Mohny family.

Mr. and Mrs. Wrey White have been enjoying a motortrip through the southwestern states.

Mrs. Don Aspel has returned from Wyand where she has been helping care for her father. His health is much improved. Mr. and Mrs. George Burcham were hosts at a large family dinner on Easter Sunday. The Bob Burches were Easter dinner guests of the Clarence Rowleys of Plainfield.

Mr. and Mrs. Alvin Welter entertained at an Easter family dinner.

The Gene Andersons were dinner guests in the home of her sister and family, Mr.

and Mrs. Edward McGuire of Manhattan.

Willard Rowley Sr. is recovering from a recent illness. Mrs. Willard Rowley celebrated her birthday Sunday, April 5.

The Missionary Society of Homer Church will hold its annual spring bakery sale at the Bump Service Station on Rte. 7 Saturday, April 11, beginning at 9 o'clock.

The School Board of 33-C has been making plans for hiring

a full-time principal who will begin work in September. He will be in charge of the bus service and the Physical Education program, besides having general supervision of the school.

With the aid of County Supt. Verne Cracker, they have obtained, to date, 23 applications for the position. All applications received before April 20, will be carefully screened by Mr. Cracker, Dr. Blatnik of L.T.H.S., and a member of the local board.

Measles On The Rise, Health Head Reports

"The incidence of measles in Will County has increased by 13 fold," Dr. William J. Cassel, health officer for the Will County Health Dept. has announced.

"Due to this increase, the health department suggests that parents consult their physician and have their children immunized against measles," urged Dr. Cassel.

In the first three months of 1963, 56 cases of measles were reported to the health department. This year 750 cases have already been reported. "There are actually two kinds of measles, German or 3-day measles and regular measles. Because both kinds are common, most people think they are minor illnesses. This is not always true since both of the diseases may cause serious complications," said the health officer.

Some of the complications for regular measles are pneumonia, encephalitis, and ear infections. This year two deaths in Will county have been attributed to these complications. Permanent hearing loss from regular measles is also not uncommon.

German or 3-day measles usually cause a milder illness than do regular measles. The major complication that can develop is with pregnant mothers who are in their first three months of pregnancy. If she contracts German measles during this period, deformities in the child often result, it was stated.

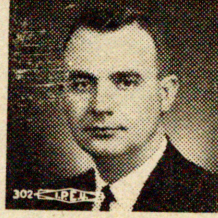

NFO Speaker Would Boost Farm Prices

Glen Utley, director from Indiana, on the national board of the National Farmers Organization (NFO) spoke to a group of farmers from Will, nearby counties and Indiana at Joliet, March 31.

"When we leave here tonight," said Utley, "More than 70 farmers will have left farms to swell the ranks of folks seeking jobs in the cities and increase the number of unemployed. Why do they leave? Simply because their income has decreased while their expenses have increased. No government program or loans stops the migration. The only thing that will stop them is a price for their products comparable to prices non-farmers get. That can be obtained just as others do by organizing and placing a price tag on their products. We have a buyers strike on soy beans, yet the processors have raised the price of soy bean meal and can not supply all the trade wants."

"We have imports of meat because there is not enough produced in the United States to supply our needs. The imports cost more than local produced meat. Because of powerful buying interests the price to the farmer is beaten down but the saving is not passed to the consumer. Therefore the consumer should be as interested in farm prosperity as the farmer himself."

The Will county NFO was host to the group.

LAUX IS CANDIDATE FOR CONGRESS POST

Richard M. Laux, 53, of Addison, is a candidate for the Republican nomination for Congress from the 14th District composed of Will and DuPage Counties, and a seat as a delegate to the Republican convention.

Mr. Laux and his family are members of St. Paul's Evangelical Lutheran Church of Addison. His oldest daughter is teaching school in New York and a son is studying for the ministry at Concordia Senior College, Ft. Wayne.

He was one of the founders of the Addison Republican Club, of the Addison Community Chest, the Addison Little League and Park committee. He held the office of secretary and president of the elementary and high school boards of education and currently is president of the Addison Chamber of Commerce. He is a member of the DuPage County Goldwater Committee.

"To labor in an unselfish manner for the general welfare of all the people," is his platform. On the issues of the day, he said, "I believe that the most important issue facing our country and our free way of life is the threat to our security by the godless ideological forces of atheistic Communism. It is my belief that the best defense against this godless movement lies in a return of government on every level to the high ideals of our Christian forefathers, and my chief objective will be to have the people recognize the need of spiritual help from our Savior, for the solution of our many perplexing problems; and to get every eligible voter to vote in that frame of mind."

IT'S UP TO YOU!

TUESDAY APRIL 14th

VOTE FOR ...

QUALIFICATIONS: William G. "Bill" Barr offers the voters of the 14th Congressional District outstanding background and qualifications to serve in the U.S. Congress. The son of the late Senator Richard J. Barr, Bill has spent a lifetime in the political arena, serving the Republican Party. A veteran of the U.S. Air Force honorably discharged . . . a businessman . . . a trade association executive, Bill Barr has a well rounded background. During his career, both in government and in private industry, Bill Barr has been recognized by his contemporaries as a man who can meet a challenge. It's up to you to select the most qualified person to serve as your representative in the U.S. Congress.

VOTE FOR ...

EXPERIENCE: William G. "Bill" Barr has served both government and private industry. He is the only candidate in the 14th Congressional District race who is vitally familiar with the Washington, as well as the overall district scene. Bill Barr has travelled extensively thruout the United States studying the economic problems confronting downtown America. He is close to the legislative branch of government, having testified many times before Congressional and Senate committees. Bill Barr is familiar with the administrative branches of government. He began his governmental career as a clerical worker . . . and was later appointed an agency head in the Dwight D. Eisenhower administration.

VOTE FOR ...

ECONOMY IN GOVERNMENT: Bill Barr is pledged to work for economy in government. While he is an acknowledged conservative, Bill Barr prefers the word positive in describing his political philosophy. Thruout his campaign, Barr has called for the elimination of such programs as federal urban renewal, accelerated public works, area redevelopment, governmental interference in the public transportation system and a wide curtailment to foreign aid programs. Barr has called for a permanent tax reduction as the stimulant needed to keep America's economy growing. He labels the Democratic tax cut as a vote buying technique to be used in November to buy Democratic votes in areas where they are available for purchase.

VOTE FOR ...

THE TOWN HALL PRINCIPLE: Bill Barr has pledged that he will remain in close contact with his constituents. He will schedule, at least bi-monthly, a series of meetings in both counties of the 14th Congressional District. At these meetings, Barr will report on how he voted on legislation. But more important, he will ask the people of the District how they want him to vote on upcoming legislation. This return to the town hall principle of politics is vital, Barr believes, if the people are to have the incentive to take an active part in their government. It's up to you to select the man who will best represent you and your interests in the Congress of the United States of America.

VOTE FOR ...

THE POSITIVE REPUBLICAN: Bill Barr has been talking specific issues thruout his campaign in the 14th Congressional District. He has advocated a return of government to the grass roots level. Thruout his campaign, Bill Barr has listed the issues . . . and provided the answers that show how governmental economy can be achieved. The combination of background, ability, qualifications and principles qualify William G. "Bill" Barr to best serve the people of the 14th Congressional District. Barr's positive stands on issues have won him support from Party leaders, and more important, the people, as his campaign comes to a close. Join the Barr Team . . . The Team that will lead the Republican Party to victory in November.

CHEVY II by Chevrolet

How to get away from it all including the high cost of travel!

A Chevy II Station Wagon is the way to get the whole family there and back on a small vacation budget. You get 76 cu. ft. of cargo space for less than you'd pay for most sedans. You get money-saving, easy-care features, too. And you'll go so far between gas stops you'll think we built in a spare tank. And now that it's Trade 'N' Travel Time at your Chevrolet dealer's, you'll never find a better time to buy a Chevy II. There's a wide range of engines and transmissions to choose from. And whatever you pick, you can be sure you'll always get a good run for your money.

I'm For You

Former U.S. Congressman from this area Noah M. Mason (left) came out of retirement recently to support Charles F. Pottorff (right) as Republican Delegate for State Representative from the 37th District (Will County). The 83-year-old veteran of 13 terms said, "I know Chuck Pottorff to be a trustworthy businessman and a man of personal integrity. I'm for him! And I've seen the wonderful job he's done as Village President of Plainfield." Pottorff promises to "do something about unfair taxes in Illinois," and is against a state income tax. Pottorff also opposes capital punishment. Vote on Tuesday, April 14.

LETTERS TO THE EDITOR

RUTLEDGE REFERENDUM

Dear Sir:

Citizens of School District 156-C are urged to get out and vote in the coming school board election which will take place on April 11.

The issues at stake are of extreme importance? Several years ago Ann Rutledge school was enlarged and remodelled at considerable expense to the taxpayer. This was a very necessary step as the student body had been steadily increasing and the old school was a health and safety hazard.

However, since the building program was completed, the reputation of Ann Rutledge school has continued on a steady down-grade. The curriculum leaves much to be desired as far as required subjects. The state-required physical fitness program is practically non-existent and so are the arts. Despite the additional taxes for the new building, the students are still confined to the same number of classrooms. The new classroom stands idle. This is because the board cannot afford to pay a fifth teacher as the educational fund is practically depleted.

Saturday will tell the story of the future of Ann Rutledge. The board has agreed on a complete re-organization of the staff and system. There will be a referendum vote taken to increase the educational fund slightly so that a teacher can be hired for the empty classroom. This will cause only a slight increase in the tax-rate and certainly seems like good business to protect our original investment.

It's time for the citizens of Lincoln Estates to stop hiding their heads in the sand; to get out and support their school in this time of re-organization!

The members of this board have, in the past few months, put in literally hundreds of hours studying and acting upon the problems. The very least we, as citizens, can do, is take time to study the situation and get out and vote.

Remember, whether you have children or not, your community is only as good as your school. An Interested Tax-payer

Ida Jacobs of Kankakee; two brothers, Otto and Harry Stassen of Green Garden and several nieces and nephews.

Removal was to the Klemm funeral home, Manhattan and services were conducted from the United Church of Christ Sunday, April 5 with the Rev. Eugene Kalkbrenner officiating. Interment was in the Manhattan Center cemetery.

State Awards Contracts To Enlarge Tinley Hosp.

(CNS) - The Illinois department of public works last week awarded contracts totalling nearly \$2.2 million for construction of a diagnostic hospital at the Tinley Park State Hospital complex.

Completion of the project is scheduled for the Spring of 1965.

Chief contractor and low bidder for a contract of \$1,358,436 was C. A. Tharnstrom & Co., Skokie.

Other low bids: James L. Cunningham Construction Co., Chicago, \$304,964 for heating, refrigeration and temperature control; Great Lakes Plumbing and Heating Co., Chicago, \$104,991 for plumbing; Robert Irsay Co., Skokie, \$184,496 for ventilation; Bruno Francis

Plumbing and Heating Co., Chicago, \$19,600 for site work plumbing; Commercial Light Co., Chicago, \$139,274 for electrical work; Armstrong Contracting and Supply Corp., Chicago, \$63,037 for insulation and pipe covering work; Northern States Co., Inc., Chicago, \$14,342 for exterior electrical site work; and Wigdahl Electric Co., Chicago, \$10,665 for electrical site work, which includes complete underground electrical work.

On Summer Staff At Drury College

One of Carl Sandburg's guidance staff has been named a full-time instructor at Drury College's summer session for the third year. She is Mrs. Pauline Butler, junior class counselor.

Mrs. Butler, who earned her masters degree at Drury, will teach a course called "Individual Intelligence Testing" for graduate students. The course will last five weeks.

Immediately upon its close, Mrs. Butler will go to Montana State University at Missoula for a second five-week term, where she will do advanced graduate work in guidance.

This is Mrs. Butler's first year at Carl Sandburg High School.

Heart Attack Is Fatal To John Kenner

John Kenner, 61, of 1911 Center st., Mokena died Monday, April 6 at his home, due to a heart attack.

He had been a district superintendent for Pullman Co. 44 years. He retired two years ago.

Survived by his wife, Ruth; one son Richard Loser of Mc Henry, Ill, one daughter, Mrs. Joan Hartman of Palatine, Ill; six grandchildren; one sister, Mrs. Haldee Callaghan.

Removal was to Donnellan Funeral Home, 7651 Jeffrey, Chicago and services were conducted at St. Philip Neri church at 9:30 a.m. Wednesday, April 8, with interment at St. Mary's cemetery, Peoria.

Report Shows Increased Use Of Frankfort Park

Anticipating a greater use of Frankfort Community park this year than last, members of S. P.C., headed by Mrs. Irving Rudman, are busy charting endeavors and expenditures to meet current needs.

At a meeting of the village board Monday night Mrs. Rudman gave a report as to activities of the past year and said that each year the park has drawn more patronage.

Formal kick-off of the 1964 season will be in the form of a sports festival to be held on Memorial day. There will be baseball, volleyball, horseshoe pitching, footraces and other events.

A major project with which the village will help, it was indicated by the board, is an exit road. The board gave its approval to S.P.C. plans for shrubbery and tree planting and the erection of bumper posts in parking areas. Mrs. Rudman said the telephone company had promised a quantity of old poles that can be cut to the proper height and installed. Trustees Clyde Reils and Daniel Hecht are to take care of this part of the program.

The ball diamond needs to be worked on, Mrs. Rudman said; the dugouts need new roofs; the backstop needs fixing again and there are many other chores that will keep the volunteer work force busy this spring and summer, said Mrs. Rudman. She added that installation of trash cans at strategic points was necessary if the park was to be kept clean. The cans are available.

Wear Panama Hats To Give Ecuador Lift

Members of the Palos Orland League of Women Voters are planning to wear panama hats from Ecuador at their annual spring luncheon to be held Monday, April 13 at 12:30 p.m. at the Deacon's Bench restaurant in the Village Courtyard, 123rd St. and 81st Ave. Palos Park.

The hats are to focus attention on the results of private trading between a New York hat designer and the underdeveloped and impoverished nation of Ecuador.

Dan Price, a radio and television newscaster, is to speak on foreign affairs.

Tickets for the luncheon are priced at \$2.25 each, and may be obtained from Mrs. Rosalie Johnson, GI 8-4544.

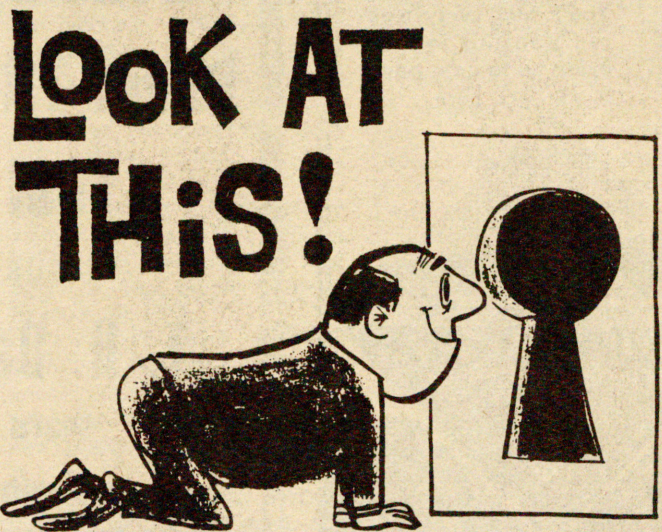

elers stopping off for picnic lunches. The S.P.C. spends the time it is not working on park projects in arranging fund raising activities to aid the park improvement program.

Last year the village contributed some playground equipment for the park besides helping with some other improvements.

Permission has been granted to the American Legion to bring a 2-inch water line off the Locust street main to serve its new home. The post must get a

permit and have the work done according to village specifications and subject to inspection but the village will waive the tap-on fee since the Legion will have to pay for all the material and labor.

Donald Lorenz, of Frankfort, an electrician, appeared before the board to suggest it adopt a modern electrical code. Will county has no building code of any kind, it was said, so contractors have a rather free hand. Lorenz advocated that conduit be used in wiring all new construction at least. Conduit, he said, reduces chances of electrical fires. Mayor George Sangmeister told Lorenz the board would consider the suggestion.

Teacher Will Address Biology Group

Frank Wing, biology instructor at Carl Sandburg high school, has been named one of the section leaders of the BSCS

clinic at Maria high school in Chicago on April 18.

Wing, pilot-teacher under the experimental, second-year program at Sandburg, will lead a discussion and evaluation of the new approach to biology instruction. The Biological Science Curriculum Study has already produced three new texts for beginning students in biology.

Wing and his class are testing a new text for second-year students which may be adopted next year.

This new approach, which places much emphasis on individual experimentation, has been heralded as a significant advance in the teaching of biology.

Also on the program with Wing will be Dr. Claude A. Welch of Michigan State, Dr. Mary Aileen Murray of De Paul, and Dr. Lloyd L. Arnold of Loyola.

WHEELERS AND DEALERS -- There's a big deal about to go on between Texan partners Chill Willis, Charles Watts, Phil Harris and James Garner in this scene from Metro-Goldwyn-Mayer's new comedy, "The Wheeler Dealers." Film is currently being shown at the Bel-Air drive-in theater.

MISS KAREN HAUSHALTER, secretary in the Illinois Agricultural Association marketing department in Bloomington, is shown with some of the 1,000 silver dollars to be given to restaurant waitresses in Illinois during Farm Bureau's "Silver Dollar Dairy Campaign" in April.

Smear Campaign Is Seen Backfiring Against Scott

Veteran political observers agreed this week that a factor which may prove of considerable consequence in the Republican primary next Tuesday is a

"backlash" of voter resentment against a systematic smear campaign which has been conducted throughout the GOP gubernatorial contest.

The campaign has been directed against Charles H. Percy, Wilmette industrialist who is considered by most experienced observers as the likely winner of the Republican nomination for governor.

Although Percy's opponent, State Treasurer William J. Scott, has disavowed any association with the smear campaign, the questionable documents and pamphlets have been used by Scott backers to attack Percy.

Those close to the political scene have detected a measurable swell of voter resentment in the last several weeks against the smear tactics being employed against Percy. It is considered within the realm of probability that this accumulating resentment may build into a "backfire" of sufficient proportions as to cut heavily into Scott's primary vote and ensure his defeat.

The pamphlets, impugning Percy's Americanism and resorting to the familiar smear technique of attempting to impute guilt-by-association, have been issued over the signature of one Paul Stout, a John Birchler who lives in Lombard, Ill., and, in another instance, over the signature of former State Sen. Lottie Holman O'Neill, among others.

The sly statements voiced in the pamphlets have been thoroughly discredited. Recent samplings of voter sentiment have produced some instances in which persons who received copies of the pamphlets from Scott supporters have angrily construed the material not only as an unprincipled attack on Percy's character but as an insult to their own intelligence as well.

There will be a registration at the school for all boys in the school district between the ages of eight and fifteen, who would be interested in participating in baseball this summer. The registration will take place on Saturday, April 25. A registration fee of \$3 will be required from each boy.

The Arbury Hills Kindergarten Organization is happy to announce that registration held on April 1 at the home of Mrs. William O'Neill resulted in sufficient registrations to hold classes this fall. Any additional registrations will be put on a waiting list. No deposit is required of those children on the waiting list until such time as the child is placed on the regular attendance rolls.

Tonight, Thursday, April 9, at 8 o'clock will be the regular monthly meeting of the Summit Hills Parent-Teacher Group. Officers are to be elected.

Following the election of officers there will be a talk on a preview of the freshman year at Lincoln-Way high school. The First Nighters held their regular monthly get-together at the home of Mrs. Alice Broekstra, April 2. The winner of the hostesses prize was Mrs. Elnora Scott, and the next scheduled meeting of the group will be held at the home of Mrs. Dorothy Dickerson of 9528 West Hickory Street, on Thursday evening, May 7.

The Arbury Hills Baby Sitters Cooperative had their secretary's book change hands on April 1. Mrs. Ardell Borchert will act as secretary for the coming four weeks. Any member who needs a baby sitter should contact Mrs. Borchert at least 24 hours in advance of the date needed. She may be contacted at 479-5998.

In addition, any mother in Arbury Hills who would be interested in joining the group or who would want further information about the organization, can also contact Mrs. Borchert.

The next board of directors meeting of the Arbury Hills Civic Association will take place at the home of Carlin French, 19338 South Beechnut Drive, Tuesday evening, April 28, beginning at 8 o'clock. This meeting, as are all board of directors meetings, is open to the public.

For this month only there will be no meeting on the second Tuesday of the month. The date for the get together will be next Thursday evening, April 16, at 8 p.m. at the home of Mrs. Mara Wyzevich of 9519 West Elm Avenue. All ladies of the group please note.

Business & Finance

BY MAURICE P. ANGLAND

Business and financial news is more and more being alerted to the prospect of another wave of inflation and the old wage-price spiral.

The word inflation has come to have overtones that were not intended. This column believes that the word "erosion" is a more descriptive word in its application to lowering of purchasing power of the dollar.

Since the invention of the first monetary unit, there has been a constant erosion of the various world monetary units. In some periods, in various lands, this erosion is at a faster pace than in others with better fiscal controls. This erosion has a way of slowing down for a time and then, with little warning, starting again and possibly adjusting for that period in which erosion had halted.

We may expect the usual finger waving from Washington as to why it should not happen, etc.

Government agencies are trying to hold down wage increases to point where the wage increases will not exceed the increase in productivity which is estimated to be about 2.7 per cent as estimated by the government.

Unions are talking about in-

creases in total labor costs of around 4.5 per cent in auto group. Of course, there are other industries as steel whose contracts come up before the auto negotiations. In order to hold control of his union, the top men must try hard to equal or best the goals achieved by other large unions. The average union member knows little of economics and is interested mainly in the increased number of dollars in his pay envelope.

Fortune's Business Roundup column in April issue notes that the business economists have increased their estimates of the Gross National Product for 1964, from \$610 billion to \$620 billion or more, as of today's calculations. These are calculated on basis of the tax cut.

This tax cut is estimated to amount to about \$10 billion in 1964 which is likely to be less than the final Gross National Product for 1964.

The Business Roundup column estimates, 1. Capital goods outlays will be up 10 per cent. This is mainly for new plants and equipment and is based on governmental surveys of spending. When business climate is good, the final spending exceeds the an-

Stolen Auto Is Recovered

The car of Clifford Pommering, Front st., Mokena, which was stolen from his residential parking space on Wednesday night of last week was recovered Thursday morning by Police Chief Roy Newton. The chief received a call from someone living in the vicinity that a car had apparently been abandoned on 187th st., between Wolf rd. and 104th ave.

A check revealed that the car, a 1962 Galaxie 500, belonged to Pommering. Examination of the vehicle failed to reveal any damage, Newton said.

N. Lenox Board Studies Cost Of Garbage Pick Up

Some discussion of whether the village should assume cost, or part of the cost, of garbage pick-up was had by the New Lenox village board at its reg-

ular meeting last Friday night but no action was taken.

Trustee Chester Bowman, who brought the subject up, told the board that Crest Hill had

just entered into a contract with the Fochi Sisters, apparent successors of Fochi Brothers, under which that community was to get garbage hauled for \$1 per month per home.

The collection there is to be made once a week and each householder is entitled to put out three 20-gallon cans of garbage a week without encountering extra charges.

Bowman pointed out that if New Lenox could get such a contract it would be a saving to the householders. Residents of New Lenox now pay \$1.50 a month to have their garbage hauled and the arrangement is one between the householder and the garbage collector.

Bowman estimates there are 600 homes in the village now which would make the cost of

collecting garbage come to \$7,200 a year. He figures that imposition of a garbage collection tax would bring in approximately \$4,000 a year, which would leave around \$3,200 to pay. The village could either pay this out of its general revenue or charge each householder, say 50 cents a month and add the charge to their sewer bill.

The proposal is to be studied. A plat for 14 lots in Lenox Heights, near St. Jude's church, was signed by the mayor and village clerk with approval of the board. Such action was held back at the last meeting because certain things had not been done by the subdivider. Friday night, however, everything was in readiness. The developer, J. W. McTee endeav-

ored to get the board to forego the \$150 tap-in fee for sewer connections to the homes on the grounds that he was paying for all the mains.

Mayor Stanley Gilmore pointed out that the payment of a tap-in fee was an evening up process, the late comer catching up in a way with those who have been paying a sewage charge monthly. Such fees, he also pointed out, are to be set aside to apply on cost of expanding present sewerage treatment facilities.

The present treatment plant, it was brought out, is operating close to capacity and as the community grows it must too. It is estimated that the village will have to spend \$75,000 in the near future to increase the size of the sewage treatment plant. McTee has 56 more lots for future development, he said.

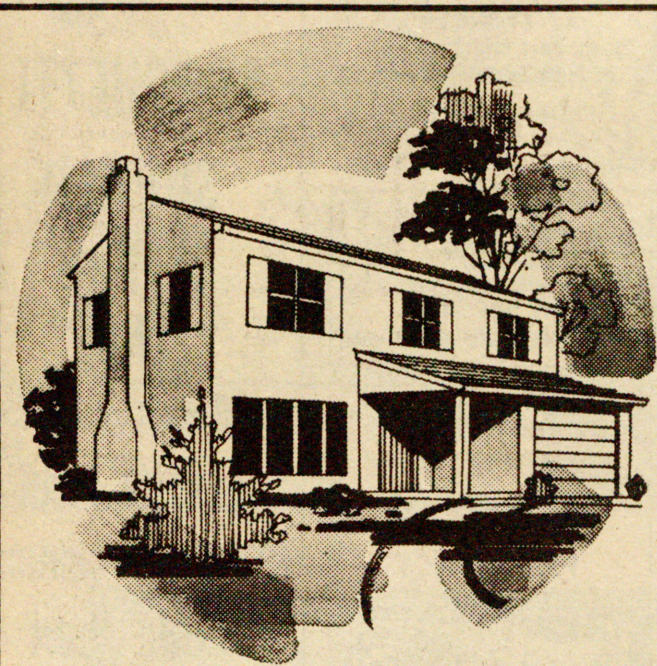

William Bolker, a builder, also appeared before the board relative to subdividing some lots off Cedar road between Francis and Maple Lane. He submitted a plat laid off into 13 large lots which he would like to use as sites for apart-

ments.

He came before the board to have the property annexed to the village. He said he would like to have it annexed with the understanding that it would be zoned for multiple dwellings but regardless of that he still sought annexation. Board members told him they would not give him any assurance as to the zoning fate of his property, that he would have to petition the planning commission and zoning board. If those groups granted his request there is no disposition on the part of the trustees to do anything other than to concur, it was indicated.

The board is to meet again April 17 to consider the appropriation ordinance and possible changes in measures covering the dispensing of beer or liquor.

On recommendation of Trustee Wilbur Thackrey, head of the street department, the board O.K.'d purchase of a drum of traffic mix that is guaranteed to fill and hold chuckholes regardless of whether it is wet or dry, hot or freezing.

Will Explain Workings Of SWS Math Contest Program

Two members of the Lincoln - Way high school mathematics department, Norman B. West and James R. High, will appear at the Illinois Council of Teachers of Mathematics annual meeting April 11 at Illinois State university, Normal.

Mr. West and Mr. High will present information on the development of the Southwest Suburban Interscholastic mathematics contest. Participants in the math contest are more popularly known as "MATHletes". Developers of this

math contest believe it to be the only one of its kind in existence.

Work on the development of this contest started in February of 1963 since which time it has expanded into a conference-wide activity. The group has also developed a handbook of rules for conducting a math contest.

Assisting West and High on the panel discussion will be Charles Cummins of Rich Each high school, Stephen Ivins, also of L-W, and Cadet Cottingham, Rich East.

Mokena Grade Teachers Get Raise In Salaries

An average increase of four per cent in teachers salaries over last year has been approved by the Mokena grade school board. The board also adopted a plan for hospitalization insurance for all employees, under which the district pays 50 per cent of the premium.

Mrs. Wilma Wegler, of Frankfort, has been re-hired for the next school year. She is a speech correctionist and is employed by Mokena, Frankfort, Arbury Hills and Manhattan schools. She will devote a day and a half to Mokena, where there are 40 pupils that need her services.

The fourth, fifth and sixth grades have been using an air TV course in arithmetic and the school is considering expanding the course by using four channels -- 1, 20, 72 and 76.

Members of the board and Supt. James Ennis attended the Three Rivers Illinois Association School Board conference at Bourbonnais. Dr. Preston Bradley, noted Chicago pastor, was the principal speaker. Supt. Ennis was on panels dealing with school libraries and insurance. The association is made up of school boards and administrators from three counties, Will, Kankakee and Kendall.

The building committee reported that work was progressing satisfactorily on the new addition and it should be

completed in another week or 10 days, except for minor details. Dedication of the addition will wait until September, however.

A school census is to be taken with eighth grade pupils from the public school and St. Mary's serving as enumerators in a house to house canvass. They will be paid and the money applied on their field trips, it was stated.

CAREER!
We don't have a single
job opening! But, we do
have a lifetime career
opportunity for a man
with the ambition and
desire to get the most out
of life. There is a differ-
ence! A job is a job . . .
you put up with it. If
you're embarked on a
career, you like your work
and yourself . . . you're
going places and know it.

Bertani Gives State's Attorney Job ABC's

Louis R. Bertani, Republi-
can candidate for the nomi-
nation of State's Attorney
of Will County, is basing his
candidacy on what he calls
his A B C's; A for abil-
ity, B for background and
C for courage of conviction.

Bertani is associated
in the practice of law with
Albert H. Krusemark of
Frankfort, Illinois and has
conducted a vigorous and
effective campaign in all
parts of Will County.

As far as the A in Ber-
tani's A B C's, Bertani has
never lost a contested cri-
minal case in a court of law.
Since he is a trial lawyer,
this is a record compiled
after 13 active years in the
trial courts of the State of
Illinois. Bertani was pre-
viously associated in the
practice of law with James E.
Burke. While in school he
was a member of the Illinois
State Police and draws on
this experience in stating his
qualifications for the office.
Bertani states that he knows
the problems of policemen.

As to the B for background,
Bertani was born in Joliet,
educated in its public school
system, a graduate of Joliet
Township High school, Joliet
Junior College and DePaul
University. He is married
to the former Doris Agazzi
and resides with her and
their seven children at 508
Western Ave. Joliet. Politi-
cally, he has served as a
Republican precinct com-
mitteeman, a member of the
executive committee and has
served five years as a mem-
ber of the Joliet Grade School
Board of Education. This
gives Bertani a background
in taxation which will be
helpful to him in adminis-
tering the office of State's At-
torney insofar as it applies
to the Treasurer's office.

As to Bertani's C -- the
courage of convictions, Ber-
tani's platform includes the
pledge that he will personally
prosecute all persons who
violate the laws; that he will
secure a staff based on abil-
ity and not political reward,
who are aware of the prob-
lems of the new judicial
amendment and who will
serve in the respective mag-
istrates courts throughout
the county. This is now nec-
essary according to Bertani
since the courts that were

formerly known as the "Peo-
ple's Courts", namely the
police magistrate and Jus-
tice of the Peace courts, have
been eliminated under the
new judicial amendment.

Bertani has pledged to
supply the outlying areas
with what he terms "circuit
riding" assistants who will
bring local rule back to the
rural areas under this new
amendment.

Mrs. Link To Run For GOP Representative

Beatrice Fee Link, of
Frankfort, has announced
her candidacy for nomination
to delegate to the state
nominating convention at the
April 14 primary election.

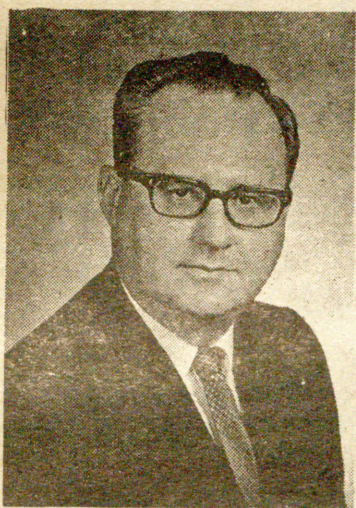

"I believe," Mrs. Link
said, "That as a housewife
and a mother. . . as an
active educator and as a
social worker that I have the
qualifications needed to
serve in the legislature in
Springfield. The first step
to such service would be to
secure the nomination as
delegate to the state
nominating convention."

A Republican, Mrs. Link
has been active in Will
County educational circles,
serving as a member of the
Lincoln-Way Board of Edu-
cation. She is a teacher of
mathematics in the Chicago
Public School System.

Mrs. Link is a member of
the American Legion Aux-
iliary and Parent-Teachers
Association.

The candidate has served as
a volunteer social worker
doing settlement work, at
Eire Neighborhood House in
Chicago. "I am vitally aware
of the problems the state leg-
islature faces in providing
programs of relief for the
poor and underprivileged,"
Mrs. Link said.

When asked why she seeks
public office, Mrs. Link re-
plied, "The first women
in the legislature of the State
of Illinois represented this
District (Then Will-DuPage
Counties.) Lottie Holman
O'Neil proved that a woman
could be an able legislator.
I want to continue in that
tradition."

Barr Seeks Congress Post His Father Had 48 Years

If the old adage, "like father, like son" will carry over into the political world,

William G. "Bill" Barr will be elected to the 89th Congress of the United States

and will serve many years with distinction.

Barr is seeking the Republican Congressional nomination from the 14th Congressional District (Will-DuPage Counties) at the April 14 Primary Election.

Bill Barr's father, the late Senator Richard J. Barr served the 41st Senatorial District of the State of Illinois for 48 consecutive years -- a modern record in continuous, elective office.

The late Senator Barr, a native of Joliet, began his first term as a state senator in 1902. He was reelected consecutively until 1951 when he died in office.

Who is Bill Barr?

The 43-year-old candidate was born in Joliet. He was educated in the Joliet Public School system and the University of Illinois and Wisconsin. Following a stint in the U.S. Air Corps during World War II, Bill entered

the governmental field as an examiner for the Office of Price Administration in Kankakee.

Bill Barr's rise in Federal service, from an inspector to head of the agency, was meteoric. In 1953, he was appointed by President Eisenhower to Director of Defense Rental areas in the Office of Defense Mobilization.

Political experts are quick to ask Bill how he expects to become nominated when he is from the smaller of the two counties comprising the 14th Congressional District? "My father never worried about county factionalism," Bill answers. "He was elected from the same two counties ... and served each county as a District, not as one or the other. I am campaigning on the basis that I am the best qualified Republican candidate to serve the 14th Congressional District."

Thruout his campaign, Barr has been talking specifics and dealing out heavy doses of solid, conservative, Republican political philosophy. "I am against Federal Urban Renewal, Accelerated Public Works, Public Transportation Act and Area Redevelopment," Barr said.

"Of course, I favor an immediate tax cut, both personal and corporate," he continued. "But not without permanent reductions in the federal budget so that we can cut our national debt which is climbing at the rate of \$7 billion a year."

Barr believes that his background and experience in Washington will allow him to secure vital committee appointments. He would like to serve on the Appropriations Committee and the Foreign Affairs Committee.

Pottorf Seeking Job As State Representative

Charles F. Pottorf, businessman and mayor of Plainfield, is a candidate for the Republican nominating convention for state representative, which is another way of saying that he is a candidate for the general assembly.

One of his major aims if elected would be to work for revision of the personal property tax law to make it equitable and therefore easier to collect.

He is currently serving his second term as village president. He is also a Republican precinct committeeman, a World War II combat veteran, a past commander of American Legion Marne post, No. 13, and a past master of Plainfield lodge, No. 536, A.F. & A.M.

LIKE FATHER... -- A statue of the late Senator Richard J. Barr is situated on the second floor of the State Capitol rotunda in Springfield. Early in the campaign, Barr visited Springfield and was pictured by the statue. Like his father, Barr is waging an aggressive campaign for the nomination to Congress from the 14th Congressional District.

Turning Cold War Tide Maurer Campaign Theme

Hard-hitting, fact-filled charges that point up the Administrations' inability to cope with the growing threat of Communism have characterized the campaign of Joseph C. Maurer, candidate for the Republican nomination for Congress from the 14th District (Will and Du Page Counties).

These charges, coupled with a specific program for slamming the door on Communist plans for further advances both here and around the world, have proved to be widely popular throughout the district.

Maurer noted that he is "the only one among the Congressional candidates who is discussing specific national issues, other than the general area of government spending."

Maurer, of Glen Ellyn, is running on a strongly con-

servative platform. He supports the Liberty Amendment, which calls for the gradual elimination of personal income tax while requiring the Federal government to discontinue operations not specifically authorized by the Constitution.

Maurer's platform also calls for an overhaul of the U.S. State Department, a cry which has recently been taken up in Washington by many Congressmen appalled at stories of hundreds of known security risks who hold key positions in the department. He has also promised to work for Repeal of the Arms Control & Disarmament Act, which enables the President to cancel arms programs and transfer segments of our armed forces over to international control without consent of the Senate.

Maurer also pledges to work toward getting the U.S. out of the United Nations. "The draft of the UN charter was drawn up by the infamous traitor Alger Hiss," Maurer pointed out. "Over the years, power in the UN has been transferred from the Security Council to the General Assembly, where we are technically vulnerable to the dictates of nations which have no concept of our traditions of law and order."

The Maurer platform also calls for an end to the foreign aid giveaway. "Since 1948 the total paid out in foreign aid is nearly \$150 billion," he said. "But these lavish handouts have brought us only the insults and ridicule of the rest of the world."

He also favors banning all trade with Iron Curtain countries, commenting that "it makes no sense to sell our avowed enemies the products they need to shore up their gangster-state economies."

Maurer is also pledged to work towards correcting Supreme Court abuses of the

Constitutions. "For over a decade, the Supreme Court has been riding roughshod over the Constitution, our national security and our Christian heritage. And by completely disregarding established law and precedent and by inflicting its own concept of 'social justice' on the country, the Court has brought race riot and bloodshed to peaceful communities."

Maurer's final platform plank calls for placing labor unions under the anti-trust laws: "It is not proper in a free society that the country should be at the mercy of a few labor barons -- with no concern for the right of the worker to work, the right of management to manage, and the right of the public to a free-enterprise economy based on justice, law and order."

Maurer, 32, is in the investment brokerage business. He is married and the father of three children. He has long been active in conducting seminars and study groups concerning the nature, purposes and methods of international Communism. He is a member of the Glen Ellyn Young Republicans' Club, Northern Illinois Conservatives the St. Petronille Holy Name Society, and The John Birch Society.

Blair In Race For GOP State Representative

Attorney Robert Blair of Park Forest is conducting an energetic campaign for election at the April primary as a Delegate from the 37th (Will County) House District, to the Republican State Representative Nominating Convention. The 37th District will elect two Delegates to this Convention.

Last September Blair announced his candidacy for the office of State Representative to fill the seat being vacated by Rep. Warren Wood, (R.), Plainfield.

Blair is Republican precinct committeeman of Monee Township precinct 4 and is also a member of the executive committee of the Will County Republican Central Committee representing Washington, Will, Peotone and Monee Townships.

He is engaged in the practice of law in Will County and also is president of Fairfax

State Representative Election Is Confused

Voters will notice that the primary ballots will not carry the names of candidates for state representatives this year. This is because no agreement could be reached on re-apportionment of the representative districts either at the regular session of the state legislature last year, nor at the special session called specifically to deal with the problem.

As a result the candidates for the legislature must run at large, which is to say that they will be voted on in every precinct in Illinois, regardless of where they live.

It will be bad enough when voters are confronted with this list of names in November but nominate some 118 or 177 candidates for each party in a primary would have been too much of a problem, officials agreed, so special legislation was adopted to permit the major parties to choose their candidates at party conventions.

One will thus find on the primary ballots the names of candidates for delegates to the state representative nominating conventions. One will find in these lists of delegates the names of those now serving in the legislature, plus others. The reason for this, it was pointed out, is quite simple - legislators serving as delegates will make sure that they are nominees.

There was a re-apportionment bill passed in the last regular session of the legislature but Gov. Kerner vetoed it. It is charged by the Republicans that the

veto came on orders from Mayor Daley, the Democrat boss of Illinois, because there would have been fewer representative districts in Chicago and more in the suburban area of Cook county. The districts are supposed to be set up according to population figures.

The city of Chicago has been losing population to the suburbs. The districts that would be lost to Chicago are Democratic and the districts that would be gained by the suburbs would likely be Republican in complexion.

It is conceivable that in November all of the candidates elected to the legislature could be Democrats or they could be Republicans.

Each party, of course, will be battling for control of the house in the state general assembly.

Blood Seeks Re-Election As Coroner

Willard G. Blood, 58, who has served Will county as coroner for the past 15 years and was a deputy coroner for nine, is seeking re-election and is unopposed in the Republican primary April 14.

He gives his training and experience as his chief qualifications for office. In reviewing his service Blood points out that he has deputies in all parts of the county to provide "immediate service to the public."

Smith Seeks Nomination As Auditor

Harold A. Smith, seeking Republican nomination as County Auditor is 48, lives at 137 Linden, Frankfort and has been a resident of Will County all his life.

A graduate of Joliet Township High School, he has had 2 years of accounting and secretarial education at the former Metropolitan Business College of Joliet.

Engaged in accounting and auditing during the past 28 years, the last 10 years he independently operated his own accountancy and income tax service at Frankfort.

McGurn Gives Qualifications For Congressional Nomination

George W. McGurn, 49, enters the 14th District Congressional race with a quarter-century of experience in the legal profession.

The past decade of his

Know Your District

Sometimes in some of those question and answer lists one encounters in newspapers, the reader is asked if he knows in what political district he resides.

A district is a political unit or subdivision, as is a county, or a state, and in the primary election coming up April 14 there are several district offices to be filled.

Congressmen are to be nominated, state senators in certain districts, state representatives, delegates to the national nominating conventions, and appellate court clerks, so a voter should know the district in which he resides.

If you live in Will county you are in -- The 14th congressional district; The 37th state representative district; The 41st state senatorial district; The 3rd appellate court district.

If you live in DuPage county you are in -- The 14th congressional district; The

career has been devoted to legal and legislative matters for the Illinois State Toll Highway Commission in the United States Congress and Illinois General Assembly.

36th state representative district; The 41st state senatorial district; The 2nd appellate court district.

If you live in south Cook county, the township in which you live is deciding factor as to your districts--

The 4th congressional district is made up of Bloom, Bremen, Calumet, Lemont, Lyons, Orland, Palos, Rich, Thornton and Worth townships.

The 2nd state senatorial district is made up of Lemont, Palos, Lyons and part of Stickney townships.

The 6th state senatorial district is made up of Bremen, Orland, Worth townships and part of Calumet township and part of the north edge of Rich township.

The 2nd state representative district is made up of Lemont, Orland, Bremen, Palos, Worth, Lyons townships and part of Stickney township.

Cook county is in the first appellate district.

Born in Chicago May 10, 1914, he graduated from Oak Park High School in 1932 as a member of the National Honor Society. His pre-legal training was taken at Clemson College, South Carolina.

He graduated with a LL.B. from Chicago - Kent College of Law in 1938.

Here are George W. McGurn's views on national and international issues:

FOREIGN AID. There should be closer supervision of the foreign aid program to meet our economic and defense needs. The administrative of this program has been incredible: There has been a great lack of correlation with foreign policy. New business should be moved into economically depressed nations to employ local manpower and improve buying power.

GOVERNMENT SPENDING. There should be a reduction in civilian and military spending to achieve a balanced budget. One way to cut wasteful spending would be to eliminate duplication of functions in governmental departments.

FARM SUBSIDIES. There should be a gradual elimination of price supports and subsidies to agriculture. An immediate elimination would

be too disruptive to the United States economy.

UNEMPLOYMENT. The problems of unemployment and the effects of automation are really problems of jobs and productivity. They are singularly suited for solution by business leadership. Business councils should be established to assist in retraining of workers, placement of workers in jobs for which they are suited, and to encourage the financing of suitable new business.

BUSINESS AND LABOR. Business leadership should come forward to try to ameliorate the stress and strain of collective bargaining, which is the proper basis on which to conduct labor-management relations. This leadership should recognize the highly skilled contribution of labor to the reduction of costs, and the relationship between the status given to labor and its productivity.

MEDICAL AID TO AGED.

Medical aid to the aged should be voluntary, not compulsory. The present system permits those who have the means to procure private insurance, while the needy aged are helped through state and Federal matching funds. Though this program needs better administration at the township level, it is far better than the administration's compulsory medicare plan.

CIVIL RIGHTS. Civil rights should be moved out of the arena of potential violence and into the courts

SUSAN MCGURN entertains her father, George W. McGurn, candidate for Congress in the 14th District. McGurn's six children all have participated in campaign activities for their favorite candidate, and have been caught up in last-minute excitement as the primary draws near. In oil painting at left is Susan's maternal grandmother.

for orderly consideration and justice. This will guarantee an immediate start on a firm civil rights program for southern states. The bill eventually will put a proper end to non-peaceful demonstrations and boycotts and override resistance in the South to the type of state legislation we have in Illinois.

WATER AND HIGHWAYS. There should be a continuation of current studies

of water resources and availability, and early completion of the interstate highway system. Water is a nationwide problem, important to life, business and agriculture. Supplies will be adequate only if water is returned to the streamflow in reusable condition, and if better flood-control, storage, and distribution are provided by Federal, state and local governments in cooperation with each other.

John Kirby Promises A In GOP Race Hard Battle For Auditor For Auditor

John Kirby of Williams-ville currently actively campaigning for the nomination as State Auditor under the GOP banner, cites his experience as his most important asset in the race.

Kirby has a degree in public finance, and has enjoyed successful experience in the field of school of finance.

He has been an active Republican all his life. His family is Republican. The youthful Kirby has traveled more than 70,000 miles in the current campaign, and claims this energy will be valuable in the campaign in the fall.

John Kirby has a program for lacing the auditor's office in the team for financial planning both as to tax planning and in spending.

John A. Argoudelis candidate for Will County Auditor is conducting an aggressive campaign as he seeks his first public office. Argoudelis claims to be a proven Republican politician as he defeated two candidates in the last primary even though he was a write-in.

He is a graduate of Joliet Township High School and has studied accounting and auditing. If nominated he has pledged to continue conducting a vigorous campaign in the fall.

He is married and lives at 2750 Essington Rd., Joliet, with his wife Stella and their four children. He is the co-chairman of the Heart Fund this year, is on the Board of Directors of his church, is a member of the Masonic Lodge, Knight's Templar, of which he is a past commander, the Shrine, Lions Club, Young American

Sandquist Predicts Win In Atty. General Race

Elroy C. Sandquist, Jr., candidate for the Illinois Attorney General Republican Nomination, says he will carry Cook County with a 100,000 plurality in the April 14 primary.

He said the lead will increase to at least 120,000 in the state-wide totals, despite the five-way race.

Sandquist justified his victory prediction on:

1. Endorsements from key Republican wards within Chicago.

2. Overwhelming support in the suburban townships. To date Sandquist has received 20 out of 21 regular organization endorsements representing more than 70% of the 190,000 votes cast in the 1962 primary.

3. Heavy downstate support, most of it concentrated in the five major counties surrounding Cook and in other population centers throughout the state.

In all, Sandquist says he will carry at least 28 count-

A. C., Young Republicans, and is a member of the Republican Central Committee of Will County.

He says he is endorsed and supported by 80 per cent of the precinct committeemen, and by most of the leading citizens of the county.

ies representing 68% of the vote, and will finish in no less than the runner-up position in any area of the state.

Now a law firm senior partner, Sandquist took leave from 1957 to 1960 to head the Civil Division of the State's Attorney office in Cook County, the one office in Illinois which is closest in operation to that of Attorney General. Later his stature grew state-wide and nationally when he represented the Republican party in the vote recounts and criminal prosecutions in the aftermath of the 1960 elections.

Sandquist won a scholarship to the University of Chicago (1939-1940), and later an appointment to the United States Naval Academy (Annapolis) from where he graduated with distinction in 1943 in the upper 5% of his class. A 1950 graduate of the Northwestern University Law School, Sandquist was a Law Review editor and a member of the order of COIF (law Phi Beta Kappa). He was a turret officer during the Anzio Beachhead and later flew naval aircraft to the Pacific.

Sandquist has lectured at the Chicago Bar Association and has written for the Illinois Law Forum on revenue administration. He is a trustee in the Albany Park Methodist Church, Chicago, and an officer in several civic organizations.

REPUBLICAN

GEORGE W.

BEST QUALIFIED

McGURN

Lawyer, Master of Laws . . . Assistant Attorney General, Illinois 1953-1961) . . . Secretary, Illinois State Toll Highway (1956-1963) . . . Legal Chief, Illinois State Toll Highway (1954-1961) . . . Colonel, Army Intelligence Reserve . . . Chairman, Board of Governors, Memorial Hospital of DuPage . . . Vice-President, Oak Brook Rotary Club . . . Member American, Illinois, Chicago, DuPage Bar Associations . . . Member, law firm Healy, Healy and McGurn.

Devoted family man . . . public spirited citizen! Mr. and Mrs. McGurn reside at 236 Melrose Avenue, Elmhurst with their six children. Mature and responsible George W. McGurn is just 49 years young . . . with a quarter of a century of experience in the legal profession, public life and civic activities.

REPUBLICAN CANDIDATE FOR

CONGRESS

QUALIFIED . . . George McGurn is qualified to handle legislative functions—the making of laws. His success as a lawyer and Assistant Attorney General has depended on his flair for research, his experience in committee hearings, and his knowledge of legislative process and politics. He knows how to work with departments, boards, agencies and commissions. As an army officer and as Secretary to

the Illinois State Toll Highway, he gained deep insight into the administrative agencies and learned how they work and think. He believes in a necessary function of a legislator to respond to the majority opinion of the people. His profession as a lawyer is a service occupation. His dedication as Chairman, Board of Governors, Memorial Hospital of DuPage County, and his responsibilities as Vice-President of

the Oak Brook Rotary Club, all are directed to serving people and responding to their needs.

CAPABLE . . . George McGurn realizes fully the value of communications with the people in developing public activities and pledges to keep the channels of communication open and free for this purpose. With the basic philosophy of preservation of human dignity and individual

rights, as contrasted with the control and direction of the welfare state, he vows to use this philosophy as the test for final decisions. In 26 years of law practice in both trial and appellate work, he has gained a record of distinguished success in the Illinois, Federal District and U.S. Supreme Courts. Now he wants to take the people's case to Congress!

VOTE FOR GEORGE W. MCGURN FOR CONGRESS!
